Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw your attention to Note no 21 of the financial statements, which describes the negative net worth of more than 50%. The accumulated losses of the company is 24,37,01,073 as on 31st March 2019, indicating the existence of company's ability to continue as going concern.

Considering the matters set out in that note, the financial statements are prepared on going concern basis. Our opinion is not qualified in respect of these matters.

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1

SIGNIFICANT ACCOUNTING POLICIES.

A. Basis of Accounting:

- i) The financial statements are prepared under the historical cost convention in accordance with the Generally Accepted Accounting Principles, the applicable Accounting Standards issued by the Institute of Chartered Accountants of India and the relevant provisions of the Companies Act, 2013.
- ii) The Company adopts the accrual concept in the preparation of accounts unless otherwise stated

B. Use of Estimates:

The presentation of financial statements in conformity with the Generally Accepted Accounting Principles require estimates and assumption to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Differences between, the actual results and estimates are recognized in the period in which the results are known / materialized.

C. PROPERTY, PLANT AND EQUIPMENT

Fixed assets are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use and net changes on foreign exchange contracts and adjustments arising from exchange rate variation attributable to assets, less recoverable taxes, trade discounts and rebate, accumulated depreciation and impairment loss except plant & machinery, which have revalued, are stated at revalued figure.

Depreciation is provided on the Straight-Line Method at the manner prescribed under schedule II of the companies Act, 2013.

The residual values, useful lives and methods of depreciation of Property, Plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or loss arising from derecognition of a Property, Plant and Equipment are measured as the difference between net disposal proceeds and the carrying amount.

D. Impairment of NON-FINANCIAL Assets – PROPERTY, PLANT AND EQUIPMENT AND INTANGIBLE ASSETS

The company assesses at each reporting date as to whether there is any indication that Property, Plant and Equipment and intangible assets may be impaired. If any such indication exists, the recoverable amount of an asset is estimated to determine the extent of impairment, if any.

Impairment loss is recognised in statement of profit and loss to the extent the carrying amounts of assets exceed their recoverable amount. Recoverable amount is the higher of an assets net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from the sale of an asset in an arms length transaction between knowledgeable, willing parties, less the costs of disposal.

The impairment loss recognised in prior accounting period is reversed if there has been change in estimate of recoverable amount.

E. FINANCE COST

Borrowing costs that are directly attributable to the acquisition or construction of the qualifying assets are capitalized as a part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.

Interest income on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are charged to statement of profit and loss for the period for which they are incurred.

F. Inventories:

- i) Raw materials, Consumable stores and Packing materials are valued at cost.
- ii) Finished goods are valued at sale price less gross margin or cost whichever ever is lower.
- iii) Stock- in- process is valued at lower of cost or net realizable value.

G. Foreign Currency Transaction:

Transactions in foreign currency are recorded at the original rate of exchange in force at the time the transactions are effected except export sales, which are recorded at a rate notified by the customs for invoice purposes. Such rate is notified in the last week of every month and is adopted for recording export sales of the next month. The exchange fluctuation arising as a result of negotiation of export bills is accounted for in the difference in exchange rate. Foreign Currency Assets and Liabilities other than for financing fixed assets are stated at the rate of exchange prevailing at the year end and resultant gains/losses are recognized in the Profit & Loss account except in cases covered by forward foreign exchange contracts in which case, these are translated at the contracted rates and the resultant gains/losses are recognized over the life of the contracts. Foreign Currency loans for financing fixed assets are stated at the contracted/prevaling rates of exchange at the yearend and the resultant gains/losses are adjusted to the cost of assets.

H. Recognition of Income:

Revenue from sale of goods is recognized when the Company transfers all significant risks and rewards of ownership to the buyer, while the Company retains neither continuing managerial involvement nor effective control over the goods sold.

Revenue from rendering of services is recognized when the performance of agreed contractual task has been completed.

Interest and dividend:

Interest income is recognized using effective interest method.

Dividend income is recognized when the right to receive payment is established.

I. Provision for Taxation:

In view of the losses the Company has not provided for taxation.

J. Tax on Income:

The tax expense for the period comprises of current tax and deferred income tax. Tax is recognized in the statement of profit and loss, except to the extent that it relates to items recognized in other comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

I. Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the income tax authorities, based on tax rates and laws that are enacted at balance sheet date.

II. Deferred Tax

Deferred tax is recognized on temporary differences between carrying amounts of assets and liabilities in financial statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax liabilities and assets are measured at tax rates that are expected to apply in the period in which the liability is settled or the assets realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

K. CASH AND CASH EQUIVALENTS

The Company considers all highly liquid financial instruments, which are readily convertible into know amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balance with banks which are unrestricted for withdrawal and usage.

L. EQUITY INSTRUMENTS

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities.

M. Employee benefit expenses**Short Term Employee benefits**

The undiscounted amount of short-term employee benefits expected to be paid in exchange of the services rendered by employees are recognized as an expense during the period when the employees render the services.

Post-Employment Benefits

Provident and other retirement benefits are not applicable to the company.

N. Financial Instruments:**i. Financial Assets****Initial Recognition and measurement**

All financial instruments are initially recognized at fair value. Transaction cost that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit and loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognized using trade date accounting.

Subsequent Measurement**i. Financial Instruments measured at Amortised Cost (AC)**

A financial asset is measured at amortized cost if it is held within business model whose objective is to hold asset the asset in order to collect contractual cash flow and the contractual terms of the financial asset gives rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

ii. Financial Instruments measured at Fair Value through Other Comprehensive Income (FVTOCI)

A Financial asset is measured at FVTOCI if it is held within the business model whose objective is achieved by both contractual cash flows and selling of financial assets and contractual terms of financial assets give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

iii. Financial Instruments measured at Fair Value through Profit or Loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL

Other equity instruments

All other equity investments are measured at fair value, with changes recognized in statement of profit and loss, except for those equity investments for which the company has elected to present the value changes in Other Comprehensive Income.

Impairment of Financial Assets

In accordance with Ind AS 109, the company uses 'Expected Credit Loss (ECL)' model, for evaluating impairment of financial assets other than those measured at Fair value through Profit and Loss (FVTPL)

Expected credit loss are measured through loss allowance at an amount equal to:

- a. The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b. Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

For trade receivables the company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of trade receivables. The company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed

For other assets, the company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

ii. Financial Liabilities**Initial Recognition and Measurement**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognized in statement of profit and loss as finance cost

Subsequent measurement

Financial Liabilities are carried at amortized cost using effective interest method

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximates fair value due to short maturity of these instruments.

Derecognition of Financial Instruments

The company derecognizes a financial asset when the contractual rights to the cash flow from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition as per IND AS 109.

Financial liability (or part of financial liability) is derecognized from the company's balance sheet when obligation specified in the contract is discharged or cancelled or expired.

Offsetting

Financial assets and Financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the company has legally enforceable right to set-off the amount and it intends, either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

O. Provision for Contingent Liabilities and Contingent Assets :

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

Contingent Liability: For the Current Period is Rs.24,99,000/- (Previous Year Nil).
